BADYA UNIVERSITY OVERVIEW

Badya University is a private institution located in Cairo, Egypt, established by Presidential Decree 338 in 2023. Spanning an area of 167 square kilometers, Badya University is strategically situated in the heart of Cairo's western suburbs, within the city of Badya.

The university is set to host seven distinguished academic schools, aiming to revolutionize the educational experience for 12,500 students. Positioned to offer transformative education in Egypt, Badya University eagerly anticipates welcoming its inaugural class of students in September 2024 across its five new schools.

Badya University is devoted to providing a comprehensive and progressive academic environment. We are transforming the way education works. Our learning experience goes beyond typical classrooms to offer you an enriched and holistic education. Here, you'll enhance your critical thinking and acquire skills that extend beyond what is taught in traditional classrooms.

Prepare for your future with our top-ranked programs, modern facilities, and innovative learning spaces. We will help you become a strong leader, ready for any challenge.

Badya University boasts state-of-the-art facilities to support hands-on learning and cutting-edge research. Our labs are equipped with the latest tools for experiments and discoveries, encouraging innovation and teamwork.

Technology is at the heart of learning at Badya. We provide online portals for easy access to study materials, virtual classrooms, and interactive, personalized learning experiences. By integrating technology, you'll stay engaged and connected with your faculty and classmates.
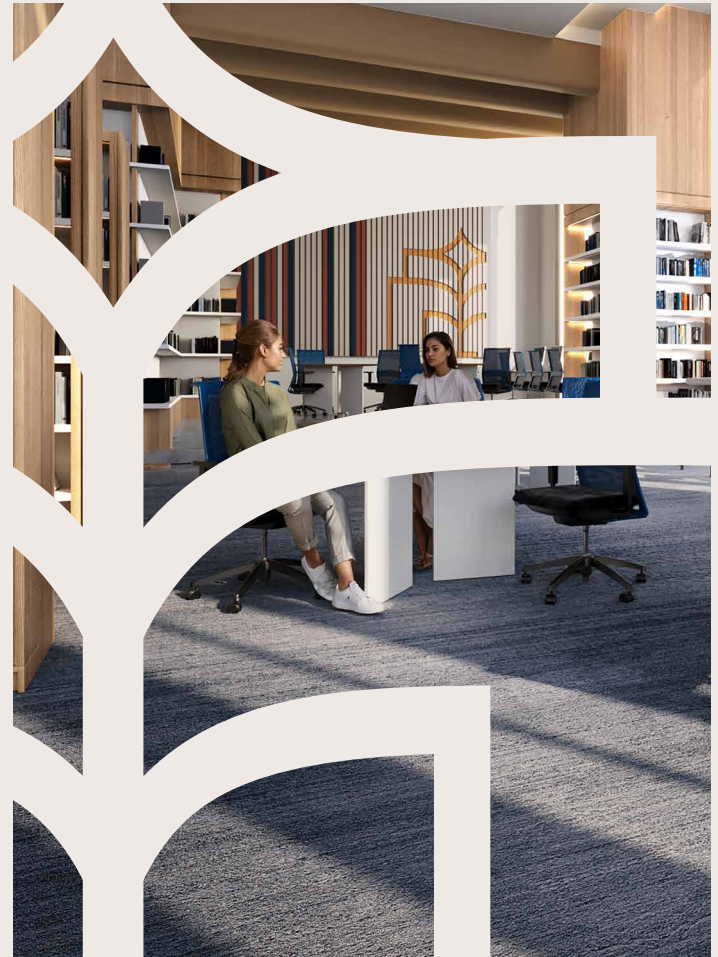

02
BADYA CITY OVERVIEW

◆

Badya is more than just a place to live; it's a transformative cultural experience. This innovative gated community isn't merely a collection of houses; it's a city where residents can discover a new way of life. Badya offers a diverse range of experiences, from sports and leisure to shopping and education, all within a beautifully integrated setting. It's a place where residents can connect with each other and create a truly special life.

04
SCHOOLS

SCHOOL OF MEDICINE

Duration of Study
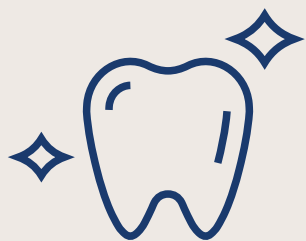

Five years

Credit Hours

314 credit hours + 2 years of training

Degrees

The school grants students a bachelor's of science in medicine and surgery

Badya University's Medicine and Surgery program stands out! We combine theoretical knowledge with early patient experience throughout the five-year program. This seamless integration ensures you gain a strong foundation and specialized skills. Learn from renowned faculty, practice in state-of-the-art facilities, and gain valuable hands-on experience through clinical rotations.

Our supportive environment and research opportunities further enhance your learning. Additionally, our exciting new partnership with the Cleopatra Group of Hospitals provides even more practical experience through shadowing doctors, assisting with research, and participating in mock clinics. This prepares you to be a confident and competent medical professional from day one.

SCHOOL OF DENTISTRY

utmb Health® | BADYA UNIVERSITY

Duration of Study

Five years + one mandatory training year (12 months)

Credit Hours

187 hours

Degree

Bachelor of Dental Surgery

Badya University's Dentistry program cultivates well-rounded professionals with a focus on academic excellence, clinical skills, and patient care. The five-year program, plus an additional year of clinical practice, will prepare students to excel in oral health promotion, disease prevention, and comprehensive dental treatments.

Our comprehensive curriculum covers all aspects of dentistry, from foundational sciences to specialized areas. You'll receive a well-rounded education through lectures, labs, and clinical rotations. Additionally, our state-of-the-art facilities with cutting-edge equipment will provide you with hands-on training that reflects real-world dentistry.

SCHOOL
OF PHYSICAL
THERAPY

Duration of Study

Five years + one mandatory year of training
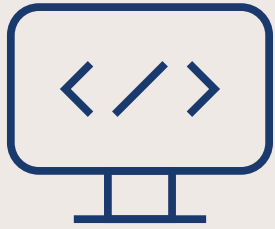

Credit Hours

197 hours

Degree

Bachelor of Science in Physical Therapy

The School of Physical Therapy at Badya University prioritizes experiential learning. Students will gain practical skills through extensive clinical rotations and contribute to the community by providing physical therapy services in a free clinic under the guidance of experienced professionals. Additionally, you will learn from experienced instructors in a supportive environment, gain practical experience with advanced equipment, and graduate prepared to compete in the physical therapy field internationally.

The program emphasizes practical applications; students begin clinical rotations in their third year, culminating in a year-long internship. This program ensures that graduates are clinically proficient and prepared to work independently as well as collaboratively as physical therapists.

SCHOOL OF COMPUTING AND DATA SCIENCE

Duration of Study

Four years

Credit Hours

144 hours
